INTRODUCTION

Hello Coaches,

Thanks everyone for coming to the meeting last night. Hopefully you all had a good season and you are planning on returning next year.

If coaching doesn't keep you busy enough we do have need for more volunteers next season (don't we always?). We can use some more division coordinators and of course more referee's.

See you on the fields.

Emergency Number for Sunnyvale

There have been a few incidents in the Area that required calling emergency services. Since we are all out on the fields, the best number to call is the Sunnyvale Emergency Number from a cell phone.

Please make a note of this number:

(408) 736-6244

In California when calling 9-1-1 from a cell phone, the call gets routed to the CHP 911 Center. Delays can result since the call is answered by out-of-area dispatchers. Calling from a cell phone doesn't provide the dispatcher with the same location information as calling from a regular phone line.

Equipment Return

Equipment return is scheduled for Sunday, November 19th from 1:00 PM - 3:30 PM. The location is Kat's house:

660 Bend Dr

(Off Hollenbeck between Cascade and Fremont)

Things to do before returning:

Deflate balls, wash keeper jersey's, keeper gloves, pinneys,

Equipment to return:

Balls, cones, ball bags, coach bags, planners, pugg goals (U6), Keeper gear (U8&up), first aid kits

If something is worn out or torn, please put a note in the bag identifying the defective equipment. If you have any questions, give Kat a call at 735-0875.

** If you are playing in regional tournaments, call Kat to schedule a time after your season is over
